# Thomas Smith

QA Analyst| Manual Testing | Test Case Development | Agile | Jira | Web Applications

## PROFESSIONAL SUMMARY

QA Analyst with 4+ years of professional experience testing web-based SaaS applications and enterprise software platforms. Skilled in manual testing, test case development, defect tracking, troubleshooting, regression testing, functional testing, user acceptance testing (UAT), and cross-browser testing. Experienced collaborating with developers, project managers, and stakeholders to define testing scope, validate software changes, and ensure high-quality releases. Strong background in Agile environments with a proven ability to learn new technologies quickly and adapt to evolving business needs.

## CORE SKILLS

Manual Testing • Test Case Development • Functional Testing • Regression Testing • Smoke Testing • Exploratory Testing • UAT • Black Box Testing • White Box Testing Concepts • Defect Tracking • Cross-Browser Testing • Web Application Testing • SaaS Testing • Troubleshooting • Agile • Scrum • Jira • TestRail • Postman • Azure DevOps • Selenium (Basic)

## TECHNICAL SKILLS

Testing: Manual, Functional, Regression, Smoke, Exploratory, UAT, Cross-Browser
Tools: Jira, TestRail, Postman, Azure DevOps, Selenium WebDriver
Languages: Java (Basic), Python (Learning), SQL (Basic)
Platforms: Web Applications, APIs, Mobile Applications, SaaS Platforms

## PROFESSIONAL EXPERIENCE

### AWS TRUEPOWER | QA Analyst | Albany, NY | 2011–2015

- Planned, designed, and executed manual testing strategies for complex web applications and SaaS platforms.
- Authored and maintained detailed test cases, test scripts, and test documentation supporting multiple concurrent projects.
- Performed functional, regression, integration, smoke, exploratory, and user acceptance testing throughout the SDLC.
- Reviewed requirements and software changes to determine testing scope and identify high-risk functionality.
- Identified, documented, tracked, and verified software defects through resolution.

- Conducted cross-browser testing to ensure consistent functionality and user experience.
- Led QA efforts for the redesign of the Windnavigator platform.
- Selected to perform system testing for General Electric's Windnavigator implementation.

### PLANO COMEDY FESTIVAL | QA Analyst (Volunteer) | Plano, TX | 2018–2023

- Tested and validated websites, registration systems, ticketing platforms, and digital marketing assets.
- Identified and documented software, usability, and content issues while coordinating resolution.
- Performed cross-browser and cross-device testing across desktop and mobile platforms.
- Verified workflow functionality, data accuracy, and user experience.

### SGS TESTCOM | Helpdesk Technician / QA Tester | Albany, NY | 2004–2007

- Provided technical support and troubleshooting for software and hardware systems.
- Investigated user-reported issues, reproduced defects, and collaborated with developers to validate fixes.
- Executed manual test cases and documented software defects.
- Assisted with root cause analysis and issue resolution.
- Worked directly with end users to diagnose technical problems and verify successful resolutions.

## CAREER DEVELOPMENT | 2015–PRESENT

Dedicated career break focused on full-time parenting responsibilities while maintaining involvement in technology and quality assurance. Completed certifications and self-directed training in Software Quality Assurance, Agile Project Management, Jira, Azure DevOps, API Testing, Selenium, and Java.

## CERTIFICATIONS

- Introduction to Software Quality Assurance – Board Infinity (2026)
- Getting Started with ALM in Azure DevOps – Coursera (2026)
- Introduction to Jira – Atlassian (2026)
- Agile Project Management – Google (2026)
- Java Programming for Beginners – IBM (2026)
- Foundations of Digital Marketing & E-Commerce – Google (2026)
- Introduction to Events Management – Coursera (2026)

## EDUCATION

High School Diploma
Ballston Spa Senior High School, Ballston Spa, NY
